RESPITE CARE BASICS

Seeking support and maintaining your own health are key to managing your role as a caregiver for your loved one.

Using respite care before you become exhausted, isolated, or overwhelmed is ideal, but just anticipating regular relief can become a lifesaver.

Respite care can take many forms, but boils down to two basic ideas: sharing the responsibility for caregiving and getting support for you. Finding the right balance requires persistence, patience, and preparation.

Pursuant to Title VI, of the Civil Rights Acts of 1964, Section 504 of the Rehabilitation Act of 1973 and The Age Discrimination Act of 1975, Family Care Home Health & Hospice, LLC, does not discriminate on the basis of race, color, national origin, disability, age, religion and sex.

Services are provided by the hour. Hourly rates range from \$19-\$25 an hour. Included in these rates are all state and federal taxes, bonding and insurance.

PAYMENT SOURCES INCLUDE:

- Private Pay
- Veteran's Administration
- Community Based Waiver Program
- Long-term Care Insurance
- Nevada Medicaid
- Respite Grants

Comfort, Stability, and Convenience... CAREGIVER MATCHING

THE MATCHING PROCESS

After completing the initial meeting and agreement to the service plan, we will personally select a caregiver to match your specific needs. We know that change can be difficult, so having the same caregiver offers valuable stability for you and your family members.

Our system of matching caregivers to clients takes numerous factors into consideration: services needed your loved one's interests and the personalities of both your loved one and the caregiver.

TRAINED STAFF PROVIDING PERSONAL CARE SERVICES IN THE HOME

We take pride in recruiting caregivers who support our goal: "To offer caregiving services that deliver the best in value, reliability, and quality in the communities we serve."

Family Caregivers provides certified and credentialed Personal Care Attendants within the comfort of one's home to assist with the activities of daily living.

Our services can range from simple homemaking activities such as meal preparation, light housekeeping, transportation, medication reminders, prescription pick-up or simple companionship.

Hands-on activities of daily living might include assisting with dressing/undressing, bathing, or transferring.

Personal care services with integrity and dedication to your loved ones.

By looking at the whole situation, we're better able to provide your loved one with the best caregiver possible. Of course, if there are ever any concerns about a specific caregiver, we can search for the caregiver that best suits your loved one, and provide a replacement in very little time.

If you have additional questions please call us. Our job is to help you, and your loved one.
